

15th October 2021

IET/CPD/KISUMUP/01/24

Dear esteemed member,

CAPACITY BUILDING TRAINING

The Kenya Engineering Technology Registration Board (KETRB together with The Institution of Engineering Technologists and Technicians of Kenya (IET-K) have organized a two-day training workshop on ***'Audit & repair of existing structures and Affordable building materials from plastic waste'*** scheduled for Thursday 04th and Friday 5th November 2021 at Kisumu National Polytechnic in Kisumu City, Kisumu County. The total cost for the two-day training is Kes.10,000.00 per participant which will cater for the conference facilities, tea and lunch. Participants meet the cost of transportation and accommodation.

The workshop will cover:

- i. Emerging low cost construction materials
- ii. Lifespan of buildings and construction structures
- iii. Legal and professional requirements for audit of buildings and structures
- iv. Examination and evaluation of existing structure`s integrity(criteria and procedure)
- v. Report writing on findings.

I take this opportunity to welcome you for workshop where participants will be awarded CPD points.

UPCOMING:

- i. *Energy auditing & energy saving techniques (11th & 12th November, 2021)*
- ii. *Development/ writing of fundable proposals (2nd & 3rd December, 2021)*

NB: Kindly make your payments through the Pay bill No. 4037659 and ID. Number followed by the initials CB e.g. 123456CB as Account Number. Payment receipt by 29th October, 2021 will facilitate logistical provisions and is confirmation of your attendance.

Yours Faithfully,

Moses Gichana – Organizing Secretary
